Class of 1998

This year she has been appointed to serve on the Executive Board of Directors as Secretary for the St. Bernard Chamber of Commerce. In addition, she serves on the Board of Directors for the New Orleans Regional Leadership Institute (NORLI), the St. Bernard Economic Development Foundation, and the First Planning District Workforce Development board. She also serves on the planning committee for St. Bernard Parish's annual "Day at the Capital" event, which provides the opportunity for local government, business and community partners to meet and discuss key issues with decision makers from across the state.

Mindy is a founding member of Leadership St. Bernard and currently serves as chairman of their Alumni Committee. The program's mission is to "strengthen and grow St. Bernard Parish by identifying, cultivating, and educating future leaders". It provides a forum to help prepare emerging community leaders for future positions within their community.

While continuing to be a leader in the business community, Mindy is also setting an example in her personal life with a core Hannan value - "charity leads to perfection". She enjoys spending her time as a volunteer for Team Gleason through the Crescent City Classic. She is also currently helping plan the first fundraiser for the St. Bernard Autism Society, which will be a Kentucky Derby-themed auction event held at Docville Farm in May.

Mindy resides in Uptown New Orleans with her husband, Justin Airhart, COO of Southern Services & Equipment, and her two children, Jacques and Marigny, who attend Holy Name of Jesus School.
